

Quality Flexible Metal Ducts

EZ Flex Collars and Sleeves

Collars and Sleeves

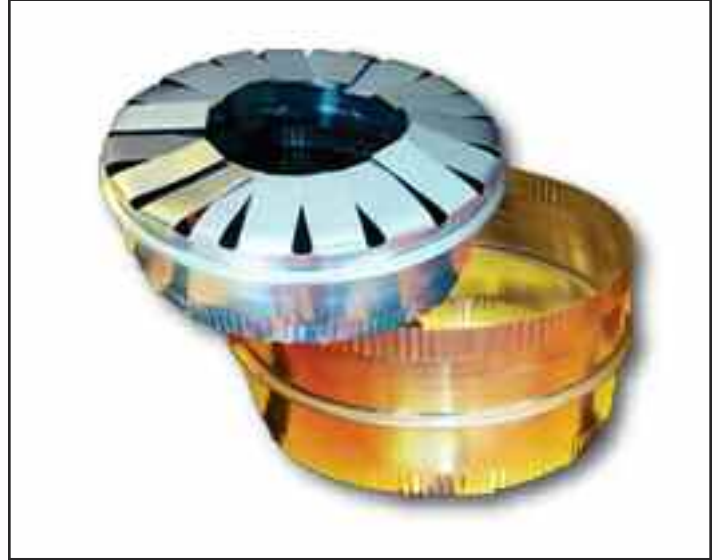

PRODUCT DESCRIPTION

Collars / Sleeves

The all aluminum sleeves are used to connect the aluminum duct for continuous lengths. The all aluminum collars provide a means to connect duct to fiberglass box duct. The collars make a good tight seal with the fiberglass to maximize the efficiency of air transfer. The tabs are easily formed because of the softness of the aluminum. The aluminum used for these fittings meet the 26 gauge require-

AVAILABILITY

Collars and sleeves available in all popular sizes.

PERFORMANCE DATA

These fittings are manufactured from 26 gauge aluminum which meets the code requirements.
